MOHAMMED ANEES M

MERN STACK DEVELOPER | 9048524763 | mhdaneesm3@gmail.com | Feroke, Kerala | Linkedin | GitHub

Summary

Passionate MERN stack developer with hands-on expertise in HTML, CSS, Bootstrap, Tailwind CSS, MongoDB, Express.js, React.js, and Node.js. Proven track record in crafting dynamic and scalable full-stack applications. Excited about contributing to innovative projects and staying abreast of the latest industry trends. Eager to bring a comprehensive understanding of the MERN stack to drive success in a dynamic team.

Experience

SOFTRONIICS | Calicut, Kerala
Full Stack Developer | 09/2023 - 02/2024

- Developed an E-commerce platform using the MERN stack, introducing features like product management, order tracking, and real-time communication.
- Implemented a modular Blog website allowing users to write and view blogs, while admins manage content efficiently.
- Demonstrated proficiency in full-stack development and continuously update skills to stay abreast of industry trends and best practices
- Exposure: HTML, CSS, Bootstrap, Tailwind CSS, React.js, Node.js, Express.js, MongoDB, JavaScript, VS Code, Git.

Projects

E-Commerce Website

- Developed a feature-rich E-Commerce platform using the MERN stack with distinct admin and user modules.
- Admin Module: Product management, order status updates, and real-time communication via chat.
- User Module: Seamless product browsing, order tracking, and online payment functionality with receipt generation. Implemented chat functionality between users and admin, along with cart and wishlist features.
- Introduced a product rating feature for users to provide feedback on delivered products.
- Enhanced user experience with profile management for viewing and updating details.
- Tools: HTML, CSS, Tailwind CSS, React.js, Node.js, Express.js, MongoDB, VS Code, Git.
